

Carolina's HealthCare System
Levine Children's Hospital

*Our World Revolves
Around Children...*

One

Levine Children's Hospital is a 234 bed, state of the art, pediatric hospital in Charlotte, NC on the campus of Carolinas Medical Center.

Levine Children's Hospital

Each parent, caregiver, or visitor must stop at the reception desk in the lobby and have an identification badge made to ensure the safety of our patients.

*Welcome to the Pediatric and Adolescent
Rehabilitation Pavilion! We are located on the 4th
floor of Levine Children's Hospital.*

Carolinas HealthCare System
Levine Children's Hospital

Our Rehab Team consists of:

board certified pediatric rehabilitation physicians, a nurse practitioner, pediatric physical, occupational and speech therapists, rehabilitation certified nurses, a recreational therapist, child life specialists, nutrition experts, a social worker, a discharge planner, and many more.

We have 13 private rooms with bathrooms and showers designed for the comfort of our patients and families...the couch converts into a single bed to allow a family member or caregiver to room in with the patient.

*Our patients are encouraged to personalize their rooms.
It is their home away from home!*

Each patient has a schedule board in his/her room that displays their daily schedule. The schedule is updated each afternoon for the next day.

Patients and families can stay connected with their care team through an interactive system on the room televisions called 'Get Well Town.' The system can be used to communicate directly with staff and can be used to provide educational materials. It can also be used for fun activities such as getting on the internet, watching movies, listening to music, and playing video games.

Each morning our medical team checks in on every patient. Both of our doctors are board certified in different specialties which include pediatrics, physical medicine & rehabilitation, pediatric rehabilitation medicine, & brain injury.

Levine Children's Hospital

One unique piece of equipment in the gym is our FES (Functional Electrical Stimulation) bike. Electrical current helps stimulate nerves to create muscle contractions. This helps maintain muscle bulk, increase circulation, and relax muscle spasms.

Our anti-gravity treadmill improves mobility and strength in a fall safe environment.

*Our playroom also offers a variety of treatment tools.
Of course therapy is always disguised as play!*

School age children may have help from our teacher with some of their school work. She also provides educational testing when necessary and assists our patients with school re-integration upon discharge.

Our patient/family dining room is used to re-train skills such as cooking and cleaning. It is also a great place to gather with friends and family or grab a cup of coffee.

Our Recreational Therapist helps our patients find activities that they enjoy and adaptive ways to enjoy them.

Hospital
MUSIC THERAPY

We host a weekly Music Therapy Group – a favorite activity for patients, families, and staff.

Through multiple vendors, we have access to state-of-the-art technology, assistive devices, and specialized mobility equipment to increase independence and quality of life.

Our Teen Room is equipped with a Wii game system, Xbox, air hockey table, basketball game, tablets, and a large flat screen TV.

Maggie is our rehab therapy dog who spends two days a week on our unit. Maggie provides motivation, companionship, and help with mobility for our patients. Patients love Maggie and she loves them!

The mission of Levine Children's Hospital is to partner with families to provide excellent healthcare in a family-centered care environment. We encourage family/caregiver participation during all activities.

The outdoor Discovery Garden is located on the 12th floor. It is an interactive outside space for play, watching movies, or playing games on the television.

Seacrest Studios is our in-house multimedia broadcast center. The studio's programming includes game shows, celebrity interviews, and a variety of performances. The activities are broadcast to patient rooms via closed-circuit televisions to ensure that all patients can participate in the fun.

Our Family Resource Library is located on the 2nd floor of Levine Children's Hospital. We have an array of resources on a wide variety of topics.

Also on the 2nd floor you will find our chapel. This non-denominational chapel is designed to provide families a peaceful space suitable for reflection, quiet meditation, or prayer.

Aside from our large cafeteria, our medical complex also offers many other dining options.

Located approximately half a mile from Levine Children's Hospital, The Ronald McDonald House can provide a 'home away from home' for families of children being treated at Levine Children's Hospital. The house provides not only a comfortable place to rest but also an extended network of support and connection to others going through similar hardships. In return for staying at the House, guests are asked to make a small donation if possible. Go to www.rmhofcharlotte.org for a photo tour.

Pediatric Rehabilitation has been accredited by CARF
for its Inpatient Rehabilitation Program –
Pediatric Specialty Programs

Carolinan Medical Center

Uncompromising Excellence. Commitment to Care.

Levine
Children's
Hospital
Our world revolves around children.

Our Rehabilitation program is accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF) for Inpatient Rehabilitation - Pediatric Specialty Programs. To earn accreditation, we have to demonstrate that our program maintains the highest measurable standards and accountability.
